More Volunteer Engagement & Education

- Provide more opportunities to come together for shared learning & debriefing
- Continued development of Policies and Procedures manual to help support practice
- Offer 2x Volunteer Appreciation Events
- Companionship the Dying & Companionship the Bereaved will be offered again to hopefully recruit more volunteer companions

Advance Care Planning - Community Education Sessions

Advance Care Planning is a process of:

- thinking about your values, beliefs, and wishes for future health and personal care, and
- sharing them with the people you trust.

Advance Care Planning can include choosing who would make care decisions for you if you cannot. It can help you get the care that's right for you, even if you're unable to speak for yourself.

Community Grief Workshops

- Workshops to be delivered in multiple communities in the Elk Valley and South Country
- Currently exploring how these workshops will be tailored & delivered
- We would like to extend our gratitude to Teck for providing the funding for these workshops

The Teck logo is displayed in a large, bold, blue sans-serif font. The letters are thick and blocky, with a consistent weight throughout. The 'T' is particularly prominent, with a wide base and a short horizontal top bar. The 'e' has a rounded bottom and a vertical stem. The 'c' is a simple, open-bottom curve. The 'k' has a vertical stem and a diagonal leg that tapers to a point. The overall appearance is clean, modern, and authoritative.
